

Clini-C

A dietary supplement to support immune system function and collagen health.*

Vitamin C:

- Helps maintain collagen*
- Helps form red blood cells*
- Provides antioxidant protection against free radicals*
- Supports the immune system*

Clini-C contains Vitamin C in a buffered Ascorbate form. Ascorbate is a Vitamin C molecule with a mineral ion. All Vitamin C must link up with a mineral before it can be absorbed into the blood stream. By supplying minerals along with Vitamin C, **Clini-C** supports the immediate assimilation of Vitamin C in the body.* Because **Clini-C** is in the Ascorbate form and the presence of minerals help to act as natural buffers, it helps prevent stomach irritation that is common in non-buffered formulas.*

Vitamin C or Ascorbic Acid belongs to a class of vitamins which are termed water-soluble nutrients. It is not stored in the body and should be replenished throughout the day and evening for optimal health.* As a water soluble vitamin, the body is able to excrete any unneeded levels of Vitamin C, which allows for flexible dosing.*

Clini-C contains Bioflavonoids, which increase the effectiveness of Vitamin C by 50%.* Calcium, Magnesium, Zinc, Manganese and Potassium are included in the **Clini-C** formulations. The diuretic effect accompanying higher intake of Vitamin C often depletes the body's store of vital minerals. **Clini-C** provides a bioavailable source of minerals.* Pectin has been shown to be beneficial in managing cholesterol levels within normal ranges.*

Clini-C is a convenient vegetarian tablet.

Supplement Facts

Serving Size: 1 Tablet

Each serving contains:

| | |
|---|---------|
| Vitamin C (as Ascorbic Acid and Mg, Ca, Zn & Mn Ascorbates) | 1000 mg |
| Calcium (as Ca Carbonate & Ca Ascorbate) | 90 mg |
